

VILLAGE ROUND TABLE

By Mike Siverns

April 2021

The Village Round Table was established in the Fall of 2018 as a hands-on, street-level working group, with the following objectives:

- To facilitate dialogue and foster a general spirit of co-operation and community between the various areas of The Village;
- To share experiences and be of assistance to each other on current Village issues;
- To investigate any possible economies of scale that can be achieved by joining forces with our neighbours; and
- To raise issues to the VCA Executive where appropriate.

Doug Widdicombe

We'd like to thank Russ Garrard for his valuable contribution to our committee for the past two years. Russ has now decided to step down; however, we are very happy to welcome Doug Widdicombe, a long-time Village resident and a current NOTL real estate executive, to take his place.

During the past winter, the Village Round Table secured a new on-demand salting contract for our 5 laneways, which has worked out very well. The committee continues to be in touch with each other on issues as required and, hopefully, with the warm weather approaching and Covid vaccination schedules ramping up, it won't be too long before we can get together in person. In the meantime, we are beginning to look at post-winter sidewalk damage in our areas and other topics are also in the pipe for the spring.
