

VCA Gardening Committee Report

April 21, 2021 – AGM

Committee Chair - Randy Churchill

Report by Mona Babin

Due to COVID, the Town of Niagara-on-the-Lake did not order the flowers we normally plant in the park at the Garrison Village Drive and Elizabeth Street intersection. A team of volunteers did maintain the gardens at the 2 mailbox areas, and will continue to do so this year.

I would like to thank Randy Churchill, VCA Recognition Award recipient, for all his amazing work on this committee since 2018.

Flowers have been ordered and we hope to have them delivered in late May. One resident has offered to plant and maintain the park area for the season. That being said, if you walk or ride by and see that a cleanup is needed, we appreciate your help in keeping our Village gardens in SHIP SHAPE.
