

## **VCA Gardening Report**

*By: Randy Churchill*

Due to Covid, flowers to be planted in the gardens on Garrison Village Drive were not delivered to The Village. The garden team was ready to go to work, but this will have to wait until May 2021. The Town was very generous, again, and supplied garden mulch at no cost. Don Saytar and Randy Churchill cleared the postal box areas from old grasses and weeds, and spread the mulch for a much more attractive look. The mulch also keeps the weeds to a minimum.
