General Meeting, October 19, 2022  
Village Round Table Report

**Village Round Table Committee:**

Mike Siverns, Chair (email: [jennifersiverns@hotmail.com](mailto:jennifersiverns@hotmail.com))

Peter Blanchet

Bill Smelser

Dee and Rob Fahlman

Jennifer Siverns

Luba Fraser

Doug Widdicombe

Phil Loforti

This year the Village Round Table committee welcomed a new member, Peter Blanchet, as the liaison for The Village's newest laneway, Perez/Moseby, with 16 homes.

**Winter Laneway Salting**

As we approach winter the main focus for the Village Round Table has been to facilitate and co-ordinate the effort to secure a new snow management contractor. The laneways west of Garrison Village Drive had felt last winter that the contractor had used excessive amounts of salt and they wanted to return to an on-demand salting arrangement. Unfortunately, the contractor used last winter was not able to offer an on-demand salting option. In addition, with increasing liability requirements for snow management contractors and the subsequent increase in their insurance premiums, the available pool of contractors has shrunk. A suitable contractor offering on-demand salting has now been found and the Village Round Table is working to customize an agreement for these laneways for the upcoming winter.

**Bell Fibe**

The Village Round Table continues to monitor Bell's Fibe installation plans for areas of The Village not yet served. Bell's plans have been greatly delayed

due to their switch from the contractor they had hired to install the Fibe network last year. It now appears that the installation won't be carried out until next year.

### **Town Service Requests**

In our spring communication to the Village Round Table community, we described how to access and use the Town's Service Request/Complaints Form. This has been very well received and has, we believe, led to more speedy resolution of homeowners' issues.

For Village residents interested in joining our Village Round Table conversation, please email me at the address above.
