

VCA – General Meeting – October 15, 2025

Village Round Table Committee

Mike Siversns, Chair (email: jennifersiversns@hotmail.com)

Peter Blanchet

Carol Perrin

Tina Clement

Jennifer Siversns

Luba Fraser

Bill Smelser

Phil Loforti

Doug Widdicombe

For the past seven years, the Village Round Table has been reaching out to residents of the Village to respond to their very varied and specific questions and concerns, as well as providing a platform for the six self-administered Village laneways to share their maintenance and operational issues and to develop solutions. However, as we have previously communicated, the declining need for assistance from the now well-established Village residents, combined with the development of the VCA into a more dynamic and proactive organization, has led the Village Round Table to reconsider its direction and focus.

Therefore, effective September 9, 2025, the Self-Administered Laneways Team has replaced the former Village Round Table:

“..... to continue to facilitate dialogue and foster a general spirit of co-operation between our six laneways to seek to ensure the efficient and safe maintenance and responsible management of these laneways. In addition the team will continue to investigate any possible economies of scale that can be achieved by joining together when negotiating laneway projects.”

As I will no longer be serving on this new, non-VCA-affiliated committee, I would like to thank the members of the former Village Round Table committee for always maintaining an enthusiastic, helpful, professional and courteous attitude no matter what was being discussed. I would also like to thank the VCA Executive for their consistent support for the committee.

Mike Siverns

Chair, Village Round Table
